Emuparadise.me was the best website to find hundreds and thousands of ROMs, ISOS and games, but it's massive library no longer exists. This massive online library of downloadable old games started 18 years ago, and up until this moment it hosted nearly complete libraries of games for various consoles that you could download and play on emulators.

9 Best Alternatives to Emuparadise (2019) | Likelylive

The file is still being downloaded from EmuParadise servers. Chrome users: Download TamperMonkey. Firefox users: Download GreaseMonkey. After that click here, press install, and you are done! If you already had a page with a rom open refresh it and you should see a new link above the original one, enjoy.

A script for easy downloading of emuparadise roms! : Piracy

Just input the emuparadise link you want to download the rom/comics of and it'll generate a googlecached version of it. This is much simpler method than the first one and will work only on for ROMs but for other stuffs such as comics as well. However, it doesn't work 100% so... disclaimer.
