Education in Japan is compulsory at the elementary and lower secondary levels. Most students
attend public schools through the lower secondary level, but private education is popular at the
upper secondary and university levels. Education prior to elementary school is provided at
kindergartens and day-care centers. Public and private day-care centers take children from under
age 1 on up to 5 ...

Parents: Monitor the amount of time and the time of day your children spend playing video games and using technology. Caution: Technology use can have negative affects on the body, and may affect sleep and concentration. Dunckley (2011) indicated when video games and electronic devices are used in the dark, the unnatural brightness of the screen inhibits the body from producing melatonin, the ...
