FORCES . A force is any push or pull that causes an object to move, stop, or change speed or direction.; The greater the force, the greater the change in motion will be. The more massive an object, the less effect a given force will have on the object.; Unless acted on by a force, objects in motion tend to stay in motion and objects at rest remain at rest.

Sample Questionnaire for Science Grade 7 First Quarter ...

Other Amish may generate electricity for various devices as described above, by making use of a generator and inverter. In addition to electricity, many Amish make use of both hydraulic (oil) and pneumatic (air) forms of power, referred to as "Amish electricity" (see Kraybill, The Riddle of Amish Culture, pp. 208-210). A diesel engine will be used to drive these devices.
